Keep Noblesville Beautiful's 10th annual Neighborhood Cleanup

Blitz, on June 14, attracted 50 volunteers to help clean up the community.

This year's focus neighborhood was 5th to 8th streets and Hannibal to

Cherry streets. Twelve homes requested volunteers to do work. Primary activities included mulching, weeding, hedge trimming and gutter cleaning. With the help of Hamilton County Master Gardeners, volunteers also did plantings and garden designs. Volunteers also filled a 30-yard dumpster with debris removed from properties, and painted barn doors and picket fences, installed smoke detector.
